## BOARD OF GOVERNORS

By FOLIO Staff

The Board of Governors and its Executive Committee met January 19, 1973.

### PRIORITIES SET

Board members established a priority list of studies to be made on matters concerning the University. Some of the topics on the preliminary list related to matters dealt with by the Board in recent years; others, to policy decisions likely to be required in the near future.

The first priority, already under way, is to make known to the University community the existing budgetary process and its implications in salary negotiations and program priorities, and to set up a model for future budgetary decision-making.

MAX WYMAN, President, has met with the members of individual faculty councils, deans, directors, chairmen, and students to explain what procedures were followed in the past and to solicit opinions on what decision-making process should be used in determining distribution of the 1973-74 Operating Budget.

The second priority will be to study and make a proposal on the division of the operating grant by the Universities Commission.

The third study will be an appraisal of a relationship between the University and the Department of Advanced Education, proposed by W. D. NEAL (Vice-President, Planning and Development).

The Board also will study the need for student services (housing, health, and counselling), a model for student tuition fees, amendments to The Universities Act, and an appraisal of the research institutes on campus.

*For one week every winter, the Engineering students on campus devote their energy to he-man obstacle races, the election of an Engineering Queen, and virtually anything else that will add to the reputations already established by the individual disciplines in the faculty. This year Engineering Week also was marked by the appearance of ice sculptures, such as the life-size blue Volkswagen that in form, if not in function, may have been intended to rival the Wally Wagon designed by students at the University of British Columbia.*

## BOOKS

A selection of the writings of Earle Parkhills Scarlett was recently published by McLelland and Stewart under the title *In Sickness and In Health*. Dr. Scarlett was Chancellor of the University from 1952 to 1956.

## VISITORS

Recent visitors to the Department of Physics were D. HENDERSON of the IBM Company, San Jose, California; JOHN NUTTALL of the University of Western Ontario; J. L. TUCK of the Los Alamos Scientific Laboratory; M. RICHARDS of the University of Newcastle-on-Tyne, England; CHARLES S. COX, Professor of Geophysics at Scripps Institute of Oceanography in San Diego, California; and PETER L. SMITH of the California Institute of Technology and Harvey Mudd College.

S. PAPERT of the Artificial Intelligence Laboratory of the Michigan Institute of Technology gave a colloquium to the Department of Computing Science.

G. R. SHORACK of the University of Washington, and CARL HERZ of McGill University, Montreal gave colloquia to the Department of Mathematics.

## PEOPLE

JAN BLAKEY, Assistant Professor of Elementary Education, addressed the Edmonton Home Economics Conference held recently at Bonnie Doon High School.

F. C. ENGELMANN, Professor of Political Science, received a major research grant from the Canada Council to study perceptions of the federal system in Austria. Much of the work will be done while Professor Englemann is on a six-month sabbatical leave, January 1 to June 30, 1973.

MALCOLM WEST, graduate student in the Department of Educational Psychology, has had an article accepted for publication by *Canadian Counsellor*.

J. J. MITCHELL, Associate Professor of Educational Psychology, has an essay in the current issue of *Adolescence*.

CLAUDE KENNESON, Associate Professor of Music, recently gave a series of three master classes for cellists at the San Francisco Conservatory of Music. He also appeared before the January meeting of the Berkeley Cello Club where he delivered a lecture and conducted a performance workshop.

G. ROSTOKER, Assistant Professor of Physics, visited the Department of Physics at the University of British Columbia where he presented a colloquium.

MURIEL AFFLECK, Associate Professor of Elementary Education, acted as a reading consultant at a one-day workshop in Barrhead.

KEITH A. YONGE, Professor and Chairman of the Department of Psychiatry, was recently elected President of the Inter-American Council of Psychiatric Associations. Dr. Yonge served as moderator of a symposium, which was part of a conference on "Inter-American co-operative studies in drug abuse prevention" held in Mexico City.

EDWIN A. COSSINS, Professor of Botany, has been named Professeur Invité by the Senate of the University of Geneva. Dr. Cossins is currently on sabbatical leave at the University of Geneva where he is engaged in research on regulation of C-1 metabolism in *Neurospora crassa*. Last November Dr. Cossins was elected to active membership in the New York Academy of Sciences.

F. M. CHRISTENSEN, Assistant Professor of Philosophy, addressed the annual meeting of the American Philosophical Association, Eastern Division, in Boston.

J. B. HADDOW, Professor of Mechanical Engineering, is the 1973-74 Chairman of the General Faculties Council Appeals Committee on Salaries and Promotions.

FIL FRASER, Chairman of the Senate Task Force on Tenure and local free-lance broadcaster, has been retained by the Department of Radio and Television to host its "What Do You Think?" television program seen on Tuesday evenings at 8:30 p.m. on Channel 11 (MEETA).

## EXHIBITION WITHDRAWN

The exhibition of "cosmonitic art" by André Fontaine, planned for the Students' Union Art Gallery this week, has been withdrawn.

The Students' Union Art Gallery is now being operated as a rentable facility. Gallery space is available to any person who wishes to organize an exhibition, and is willing to pay a daily rental fee. Previously, exhibitions held in the Gallery were at the invitation of the Students' Union Art Gallery Committee.
